

INDUSTRIAL WELDING SYSTEMS 2025

FRONIUS INDUSTRIAL WELDING SYSTEMS

THE PERFECT SOLUTION

WHATEVER YOUR WELDING CHALLENGE

Manual welding demands a lot from both the user and the equipment. Welding equipment needs to be flexible and dependable. It needs to deliver outstanding weld quality, operate efficiently, and last for a long time.

Fronius Industrial Welding Systems are the answer to these challenges. Our welding machines are technology-driven products with the highest levels of quality, cost effectiveness, energy efficiency, and robust design for any working environment. The precise digital control ensures an exceptionally stable arc and 100% reproducible welding results. Intuitive and smart operating concepts make your life easier.

Every Fronius welding machine is an innovative and powerful solution. We offer technology forward products for every welding process. Whether you're using Stick, MIG, or TIG, we have options that make every application better.

Our welding machines are used in metalworking, light and heavy fabrication, service, repair, vehicle maintenance, mechanical and industrial plant construction, and educational institutions. Millions of users around the world put their trust in the quality and performance of Fronius welding equipment. We invite you to learn why.

In this catalog you will find Fronius' innovative welding equipment for manual applications in ready-to-weld packages, and their respective order numbers.

For more information on our industrial welding systems please visit www.fronius.us

CATALOG & PRICING VALIDITY:

Prices are effective January 1, 2025 through December 31, 2025 and do not include sales tax or delivery. Fronius USA reserves the right to change prices or equipment configuration at any time without notice. Specifications will be those in effect at the time the order is entered at Fronius USA. All prices are FOB Fronius USA, LLC in Portage, IN. For any orders under \$250 a \$100 processing charge will be added.

CANCELLATION AND RETURN GOODS POLICY.

All returned goods require the written authorization of Fronius USA prior to return and are subject to a 15% restocking charge, must be returned unused and in original unopened container. Orders canceled prior to shipment are not charged to purchaser. Orders canceled after shipment are subject to our returned goods policy.

TPS/i

THE INTELLIGENT ARC REVOLUTION

- / COMPACT DESIGN
- / FOR UNIVERSAL USE
- / SUPERIOR WELD PROPERTIES
- / DESIGNED FOR CV/CC WELDING
- / PUSH PULL & PULSE CAPABLE

TPS/i

APPLICATION INDUSTRIES

LIGHT AND HEAVY FABRICATION

The TPS/i series started the Fronius Intelligent revolution. Every welding process - MIG, TIG DC and Stick - can be carried out using this multiprocess welder. Additional options include a reversed polarity kit and push pull features.

**AVAILABLE TPS/I PROCESSES**

/ The TPS/i range comes equipped with Standard and Pulse processes along with trial licenses of all other TPS/i processes, such as LSC, PMC, and CMT **that can be enabled by the user**. For assistance, contact our TechSupport at (877) 376-6487 or pw-techsupport-us@fronius.com

/ Touch screen controls make many aspects of welding easier. From learning to use the system to making parameter changes on the fly, everything can be accomplished without removing your gloves.

"I couldn't believe how many quality welds we could make at a time, and without going through as many consumables"
- Troy Stokes, Welding Supervisor, Anderson Dahlen

FEATURES

- / Fully digital synergic inverter
- / 1000 Jobs / programs included
- / Spatter Free Ignition (SFI)
- / Synchronpulse
- / RFD Lock out included (1 card / 1 key fob)
- / Ethernet ready for upgrades /Updates
- / Touch screen
- / Improved arc characteristics
- / Color-coded consumables
- / All-in-one welding torch connection (FSC)
- / Rugged design
- / Highly adaptive arc
- / 3 years parts and labor warranty

OPTIONS & ACCESORIES

- / Polarity reversal
- / Advanced processes, LSC, PMC, CMT
- / Wheeled cart
- / Push-pull torch
- / Welding helmet
- / Welding jacket

TPS 320i Key Specifications

Processes	GMAW, GMAW-P, SMAW, DC GTAW
Open circuit voltage	68V

TPS 320i

AIR COOLED

Included:
320i MIG Torch US STYLE
Part number 4,036,407
Parts breakdown on page 74.

TPS 320i C MV

MIG / TIG / STICK

Standard Package:

/ 320A MV compact power source
/ Integrated wire feeder
/ MIG Torch, aircooled, 15'
/ TU Cart4 Pro (carriage/mount)
/ Ground Cable, 16', earth clamp
/ Consumables, .035 & .045 steel
/ Flow meter with gas adapter
/ Pre-Assembled & tested

/ Package # 49,0400,0057

/ MSRP: \$10,944

Package price is calculated as configured. Any changes, substitutions, or deletions may increase the package price.
Carts not included, unless listed (ex. TU Cart4 Pro). Gas bottles are never included in packages.

WATER COOLED

TPS 320i C MV

MIG / TIG / STICK

Standard Package:

/ 320A compact power source
/ Integrated wire feeder
/ MIG Torch, water cooled, 14'
/ MV Cooling Unit
/ TU Cart4 Pro (carriage/mount)
/ Ground Cable, 16', earth clamp
/ Consumables, .035 & .045 steel
/ Flow meter with gas adapter
/ Pre-Assembled & tested

/ Package # 49,0400,0058

/ MSRP: \$13,401

Included:
500i MIG Torch
Part number: 4,035,960
Parts breakdown on page 75.

WATER COOLED

TPS 320i C MV

Aluminum - MIG / TIG / STICK

Standard Package:

- / 320A compact power source
- / Integrated wire feeder
- / Push Pull MIG Torch, water cooled
- / MV Cooling Unit
- / TU Cart4 Pro (carriage/mount)
- / Ground Cable, 16', earth clamp
- / Consumable setup, .045 aluminum
- / Flow meter with gas adapter
- / Pre-Assembled & tested

/ MSRP: \$17,365

19' torch length:

/ Package # 49,0400,0060

25' torch length:

/ Package # 49,0400,0080

33' torch length:

/ Package # 49,0400,0081

Included:
320i Push Pull MIG Torch

Part numbers: 4,047,807 and
44,0350,3173
Parts breakdown on page 78.

TPS 320i

WATER COOLED

TPS 320i C MV CMT

MIG / TIG / STICK

Standard Package:

- / 320A compact power source
- / CMT software
- / Internal wire feeder
- / Push/Pull WC CMT MIG Torch
- / MV Cooling Unit
- / TU Cart4 Pro (carriage/mount)
- / Ground Cable, 16', earth clamp
- / Consumables, .035 & .045 steel
- / Flow meter with gas adapter
- / Pre-Assembled & tested

/ Package # 49,0400,0059

/ MSRP: \$23,768

Included:

400i CMT Torch

Part number: 4,047,813 and
44,0350,3168

Parts breakdown on page 79.

Package price is calculated as configured. Any changes, substitutions, or deletions may increase the package price. Carts not included, unless listed (ex. TU Cart4 Pro). Gas bottles are never included in packages.

WATER COOLED

TPS 320i MV CMT

MIG / TIG / STICK

Standard Package:

- / 320A multivoltage power source
- / CMT software
- / WF 25i wire feeder
- / Push/Pull WC CMT MIG Torch
- / MV Cooling Unit
- / TU Cart4 Pro (carriage/mount)
- / Ground Cable, 16', earth clamp
- / Consumable setup, .035 / .045
- / Consumable package
- / Flow meter with gas adapter
- / Pre-Assembled & tested

/ Package # 49,0400,0103

/ MSRP: \$24,942

Included:

400i CMT Torch

Part number: 4,047,813 and
44,0350,3168

Parts breakdown on page 79.

WATER COOLED

Included:
320i Push/Pull MIG Torch
Part number: 4,047,807 and
44,0350,3173
Parts breakdown on page 78.

TPS 320i MV

Aluminum - MIG / TIG / STICK

Standard Package:

- / 320A power source
- / WF 25i wire feeder
- / Push/Pull MIG Torch
- / MV Cooling Unit
- / TU Cart4 Pro (carriage/mount)
- / Ground Cable, 16', earth clamp
- / Consumables, .035 & .045 steel
- / Flow meter with gas adapter
- / Pre-Assembled & tested

/ MSRP: \$18,420

19' torch length:

/ Package # 49,0400,0066

25' torch length:

/ Package # 49,0400,0082

33' torch length:

/ Package # 49,0400,0083

TPS 320i

AIR COOLED

TPS 320i MV for Boom*

MIG / TIG / STICK

Standard Package:

- / 320A MV power source
- / WF 25i wire feeder
- / MIG Torch, aircooled, 15'
- / Ground Cable, 16', earth clamp
- / Hosepack
- / Consumables, .035 & .045 steel
- / Flow meter with gas adapter
- / Pre-Assembled & tested
- / *Boom not included, see page 19 for boom options

/ MSRP: \$12,914

16.4' length hosepack:

/ Package # 49,0400,0106

32.8' length hosepack:

/ Package # 49,0400,0063

Included:
320i US Style MIG Torch

Part number: 4,036,407
Parts breakdown on page 70.

WATER COOLED

TPS 320i MV for Boom*

MIG / TIG / STICK

Standard Package:

- / 320A power source
- / MV Cooling Unit
- / WF 25i wire feeder
- / MIG Torch, water cooled, 14'
- / Ground Cable, 16', earth clamp
- / Hosepack
- / Consumables, .035 & .045 steel
- / Flow meter with gas adapter
- / Pre-Assembled & tested
- / *Boom not included, see page 19 for boom options

/ MSRP: \$15,488

Included:

500i MIG Torch

Part number: 4,035,960

Parts breakdown on page 71.

16.4' length hosepack:

/ Package # 49,0400,0107

32.8' length hosepack:

/ Package # 49,0400,0064

TPS 320i

AIR COOLED

Included:
320i US Style MIG Torch
Part number: 4,036,407
Parts breakdown on page 74.

TPS 320i MV

MIG / TIG / STICK

Standard Package:

/ 320A power source
/ WF 25i wire feeder
/ MIG Torch, aircooled, 15'
/ TU Cart4 Pro (carriage/mount)
/ Ground Cable, 16', earth clamp
/ Consumables, .035 & .045 steel
/ Flow meter with gas adapter
/ Pre-Assembled & tested

/ Package # 49,0400,0061

/ MSRP: \$11,934

Package price is calculated as configured. Any changes, substitutions, or deletions may increase the package price. Carts not included, unless listed (ex. TU Cart4 Pro). Gas bottles are never included in packages.

WATER COOLED

Included:
500i MIG Torch
Part number: 4,035,960
Parts breakdown on page 75.

MIG / TIG / STICK

Standard Package:

/ 320A power source
/ WF 25i wire feeder
/ MIG Torch, water cooled, 14'
/ MV Cooling Unit
/ TU Cart4 Pro (carriage/mount)
/ Ground Cable, 16', earth clamp
/ Consumables, .035 & .045 steel
/ Flow meter with gas adapter
/ Pre-Assembled & tested

/ Package # 49,0400,0062

/ MSRP: \$14,452

New WF25i Dual

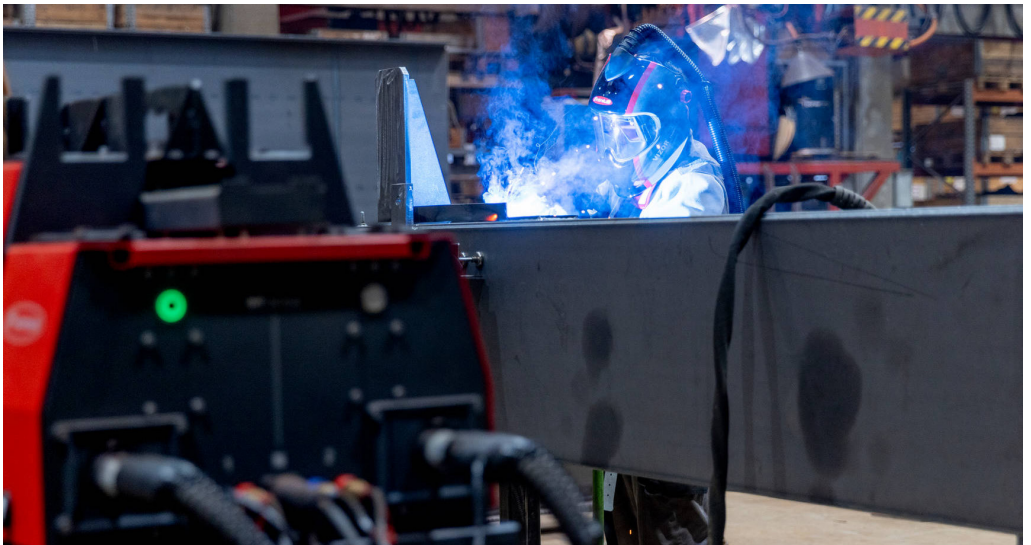

Two torches,
two wire spools,
one welding system.

The WF25i Dual ensures stable wire feeding and is compatible with the TPS/i and iWave. A range of mounting options offers maximum flexibility. Changing the active process line is as simple as touching a button on the welding torch.

For further information visit:
www.fronius.com/dual-wire-feeder

	WF 25i Dual incl. D450 spool holder
Wire drive	2 x 4-roller drive
Wire diameter	0.8–1.6 mm (0.03–0.06 in.)
Wirefeed speed	1–25 m/min (39.37–984.25 ipm)
Wire spool diameter	max. 2 x 17.71 in (450mm)
Wire spool weight	max. 2 x 60 lbs
Protection class	IP20
Length	24.3 in. (61.6 cm)
Width	19.9 in. (50.6 cm)
Height	16.7 in. (42.4 cm)
Weight	85 lbs (38.5kg)

Fronius ready boom systems

Compatible with TransSteel and TPSi standard packages for boom welding systems. Contact us for iWave boom options.

- / Improves efficiency
- / improves ergonomics
- / less strain on manual welders - instead of moving the machine, the boom moves with the welding professional
- / Increases working radius

Boom packages include boom arm on pallet or mobile base, as selected.

** Standard welding packages for boom applications include the mounting brackets and fasteners required for Fronius ready booms systems.

TPS 400i

FEATURES

- / Fully digital synergic inverter
- / Touch screen
- / Improved arc characteristics
- / Color-coded consumables
- / All-in-one welding torch connection (FSC)

**Services
and
Training**

From calibration to software upgrades and repair classes to welding processes, Fronius offers a variety of services and training to ensure you get the most out of your welding.

For questions about services contact: **pw-techsupport-us@fronius.com**

For available classes contact: **pw_wba_usa@fronius.com**

Service examples

- / Welding Machine Calibration
- / Welding Trials
- / Onsite Support

Class examples

- / Authorized Service and Repair
- / TPSi and iWave Weld Training
- / Weld Equipment Operations, Preventative Maintenance, and Consumable Upkeep

Training is available in-person or as instructor-led virtual classes.

WATER COOLED

TPS 400i MV with DualFeeder for Boom*

MIG / TIG / STICK

Standard Package:

- / 400A power source
- / WF 25i Dual wire feeder
- / 2 MIG Torches, water cooled, 14'
- / MV Cooling Unit
- / Ground Cable, 16', earth clamp
- / Consumables, .035 & .045 steel
- / Flow meter with gas adapter
- / Pre-Assembled & tested

*Boom mount kit included, see page 19 for boom options

*Pictured RC panel and spool holders are not included. If you are using spool wire quantity 2 of 4,100,489 spool holders are required

/ MSRP: \$19,699

16.4 length hosepack:

/ Package # 49,0400,0099

32.8' length hosepack:

/ Package # 49,0400,0100

Included:

Two 500i WC MIG Torches

Part number: 4,035,960

Parts breakdown on page 75.

TPS 400i

AIR COOLED

TPS 400i MV with DualFeeder for Boom*

MIG / TIG / STICK

Standard Package:

- / 400A power source
- / WF 25i Dual wire feeder
- / 2 MIG Torches, air cooled, 15'
- / Ground Cable, 16', earth clamp
- / Consumables, .035 & .045 steel
- / Flow meter with gas adapter
- / Pre-Assembled & tested

*Boom mount kit included, see page 19 for boom options

*Pictured RC panel and spool holders are not included. If you are using spool wire quantity 2 of 4,100,489 spool holders are required

/ MSRP: \$17,564

16.4' length hosepack:

/ Package # 49,0400,0097

32.8' length hosepack:

/ Package # 49,0400,0098

Included:

Two 500i MIG Torches

Part number: 4,036,499

Parts breakdown on page 74.

We take responsibility

We believe in sustainability

Long service life, repairability, and recyclability. Like all Fronius products, iWave is designed and produced with sustainability in mind. We use the latest technology to help protect people and the environment, and ensure a worthwhile future for coming generations.

Reducing the mental and physical load

For us, sustainability also means protecting people from physical and mental stress.

The new iWave operating concept, technologies for noise reduction during welding, or ergonomic aspects such as the working height of the systems or the design of the welding torch, all help to make the welder's life easier.

Environment and resources

During development of the new iWave series, we focused on bringing long-lasting and repairable systems into the market. A recyclable plastic housing and components that can be individually serviced and replaced help protect our environment. New technologies reduce power losses and gas consumption, thereby conserving resources.

TPS 500i

TPS 500i Key Specifications

Processes	GMAW, GMAW-P, SMAW, DC GTAW
Open circuit voltage	68V
Dimensions (L-W-H)	27.8" x 11.8" x 20.1"
Weight	103.8 lbs
Safety Seals	CSA

Mains Voltage	3x200 Vac (-10% / 15%)	3x230 Vac (-10% / 15%)	3x460 Vac (-10% / 15%)

iWave

INTELLIGENT TIG WELDING

- / PROFESSIONAL TIG WELDING WITH
MULTIPROCESS CAPABILITY
- / GRAPHICAL TOUCHSCREEN DISPLAY
- / TACKING FUNCTION
- / TOUCH HF
- / UP TO 1,000 WELD SCHEDULES
IN JOB MODE

iWave 300i

APPLICATION INDUSTRIES

FABRICATION, FOOD & BEVERAGE, AEROSPACE, AUTOMOTIVE, POWER GEN., TRANSPORTATION

The iWave is a professional-grade TIG welder with multiprocess capability. When high quality is demanded, the iWave provides a precise, stable arc with an easy-to-use touch screen interface.

/ GRAPHICAL, DYNAMIC MENU NAVIGATION – in 30+ languages

Our intuitive menu structure is straightforward and self-explanatory. Change settings easily and get right back to welding, without taking your gloves off.

/ ONE SYSTEM FOR ALL PROCESSES (IWAVE 300I – 500I)

In addition to all the TIG functions, with the iWave Multiprocess PRO you can also weld all MIG process variants. Take advantage of the modular concept and expand your high-tech welding system platform to suit your own specific needs with the Welding Packages Standard, Pulse, PMC, LSC, or CMT.

FEATURES

- / TAC – special tack mode
- / Automatic cap-shaping
- / Graphical touchscreen display
- / RPI easy ignition technology
- / Wireless networking & Bluetooth
- / 30+ languages
- / Weld schedule storage
- / Weld parameter protection
- / 3 years parts and labor warranty

OPTIONS & ACCESORIES

- / Torch controls
- / Wire feed for MIG only
- / Advanced welding processes
- / Gas and wire monitoring
- / Data monitoring

 Carts not included, unless listed (ex. TU Cart4 Pro). Gas bottles are never included in packages.

WATER COOLED

Included:
 220P TIG Torch 26'

Part numbers: 4,051,330 and
 44,0350,4414
 Parts breakdown on page 78.

Two 500i MIG Torches
 Part numbers: 4,035,960
 Parts breakdown on page 75.

iWave 400i DC with DualFeeder
 MIG / DC TIG / STICK

Standard Package:

/ 400A DC welding power source
 / Cooling unit
 / WF 25i Dual wire feeder
 / 2 MIG torches 14'
 / TIG torch 26'
 / Remote control foot pedal 16'
 / Ground cable, earth clamp 13'
 / TU Cart4 Pro (carriage / mount)
 / Flow meter with gas adapter
 / Pre-assembled & tested

/ Package #49,0400,0137
/ MSRP: \$29,097

WATER COOLED

Included:
400P TIG Torch 26' (8m)

Part numbers: 4,051,330 and
44,0350,4414
Parts breakdown on page 80.

500i MIG Torch

Part numbers: 4,035,960
Parts breakdown on page 75.

iWave 400i AC/DC MultiProcess
MIG / TIG / STICK

Standard Package:

- / 400A AC/DC welding power source
- / Cooling unit
- / WF 25i wire feeder
- / MIG torch 14'
- / TIG torch 26'
- / Remote control foot pedal 16'
- / Ground cable, earth clamp 13'
- / TU Cart4 Pro (carriage / mount)
- / Dual bottle holder
- / Flow meter with gas adapter
- / Pre-assembled & tested

/ Package #49,0400,0124

/ MSRP: \$24,704

Package price is calculated as configured. Any changes, substitutions, or deletions may increase the package price.
Carts not included, unless listed (ex. TU Cart4 Pro). Gas bottles are never included in packages.

WATER COOLED

Included:
400P TIG Torch 26' (8m)

Part numbers: 4,051,330 and
44,0350,4414
Parts breakdown on page 80.

320i Push/Pull MIG Torch

Part numbers: 4,051,045 and
44,0350,3173
Parts breakdown on page 78.

iWave 400i AC/DC Multiprocess
Aluminum MIG / TIG / STICK

Standard Package:

- / 400A AC/DC welding power source
- / Cooling unit
- / WF 25i wire feeder
- / TIG torch 26'
- / Push/Pull MIG torch 26'
- / Remote control foot pedal 16'
- / Ground cable, earth clamp 13'
- / TU Cart4 Pro (carriage / mount)
- / Dual bottle holder
- / Flow meter with gas adapter
- / Pre-assembled & tested

/ Package #49,0400,0126

/ MSRP: \$28,295

iWave 400i

AIR COOLED

iWave 400 LSC Adv. with DualFeeder

MIG / TIG / STICK

Standard Package:

/ 400A MV AC/DC power source
 / LSC Advanced software
 / WF 25i Dual wire feeder
 / 2 MIG Torches, aircooled, 15'
 / TU Cart4 Pro (carriage/mount)
 / Ground Cable, 16', earth clamp
 / Consumables, .035 & .045 steel
 / Flow meter with gas adapter
 / Pre-Assembled & tested

/ Package # 49,0400,0141

/ MSRP: \$28,094

Included:

500i US Style MIG Torch

Part numbers: 4,036,499

Parts breakdown on page 74.

Package price is calculated as configured. Any changes, substitutions, or deletions may increase the package price. Carts not included, unless listed (ex. TU Cart4 Pro). Gas bottles are never included in packages.

WATER COOLED

iWave 400i AC/DC Multiprocess with CMT

MIG / TIG / STICK

Standard Package:

/ 400A AC/DC welding power source
 / Cooling unit
 / CMT software
 / WF 25i wire feeder
 / Push/Pull CMT MIG torch w/c 16'
 / TIG torch 26'
 / Remote control foot pedal 16'
 / Ground cable, earth clamp 13'
 / TU Cart4 Pro (carriage / mount)
 / Dual bottle holder
 / Flow meter with gas adapter
 / Pre-assembled & tested

/ Package #49,0400,0127

/ MSRP: \$34,681

Included:

400P TIG Torch 26'

Part numbers: 4,051,330 and 44,0350,4414

Parts breakdown on page 80.

400i CMT MIG Torch

Part numbers: 4,047,813 and 44,0350,3172

Parts breakdown on page 79.

and 44,0350,3173

Parts breakdown on page 78.

Introducing DynamicWire

Active wire control in TIG cold wire welding

The innovative advantage of Fronius TIG DynamicWire, when compared to a conventional continuous wire feed in cold wire systems, lies in its automatic self-regulation. The power source actively adjusts the wire speed to the welding behavior, torch position, and current conditions, even compensating automatically for component tolerances of up to 30%.

THE RESULT? Perfect welds every time.

Existing iWave cold wire systems can be easily upgraded with the patented TIG DynamicWire Welding Package through software activation.

/ SIMPLIFIED HANDLING AND MINIMAL TRAINING TIME

Unlike welding with a constant wirefeed, DynamicWire and the wire feeder adapt to the welder, not the other way around. The simplified handling enables even less-experienced welders to quickly produce high-quality TIG welds.

/ ALWAYS THE RIGHT WIRE SPEED

The dynamic wire feed system automatically adjusts the wire speed to the current conditions. This means that the optimum amount of wire is always available – without any manual adjustment.

WATER COOLED

iWave 300i AC/DC TIG with DynamicWire

TIG / STICK

Standard Package:

- / 300A AC/DC welding power source
- / DynamicWire package
- / Cooling unit
- / TIG torch, 26', with cold wire add on
- / Tungsten Fast Clamp (TFC) included
- / Ground cable, earth clamp 13'
- / TU Cart4 Pro (carriage / mount)
- / Flow meter with gas adapter
- / Pre-assembled & tested

/ Package #49,0400,0132

/ MSRP: \$18,744

Exento

/ MOBILE FUME EXTRACTION OPTIONS

/ PROMOTING HEALTHIER AIR DURING
WELDING PROCESSES

Exento

APPLICATION

WORKPLACE SAFETY

PROTECTION AGAINST WELDING FUMES

All welding processes produce fumes, gases, and vapors that affect the welders. How harmful the released welding fumes are depends on the combination of welding process, parent material, and filler metals, as well as the protective gas shield.

Mobile extraction devices, like our new Exento line, remove harmful fumes and particulates to ensure the health and safety of welding personnel.

/ Mobile low-vacuum extraction unit with positionable extraction arm.

/ Increased safety due to filter monitoring and contamination-free filter replacement

/ Mobile high-vacuum extraction unit for use with a wide variety of fume extraction torches: infinitely variable pre-selection of the extraction capacity

/ Intuitive, single-button operation, even while wearing gloves

FEATURES

- / Long filter life
- / Rugged design
- / Optimized flanged hood with 40% higher capture rate*
- / Modular design with several extraction arm lengths
- / Robust construction expandable with accessories

INTRODUCING: VIZOR CRYSTAL SERIES

The Vizor Crystal series features unique glare protection. In light conditions, you can perceive color almost as clearly as you would through a clear glass window. In darkness, welders have a detailed and high-contrast view of the weld pool, with unprecedented clarity.

VIZOR Crystal

Auto-darkening welding helmet

- / Panoramic field of view
- / Ultraviolet/infrared protection
- / Automated shade level (4 to 12)
- / Lithium-polymer battery (Chargeable via USB-C cable, supported by solar cells)
- / Shade level 2 in passive mode
- / Total weight 1.3 lb
- / Grind mode

Part number:

42,0510,0396 Vizor Crystal

MSRP: \$905

Vizor 4000 Crystal

Auto-darkening welding helmet

- / Ultraviolet/infrared protection
- / Automated shade level (4 to 12)
- / Sensitivity controller
- / Shade level 2 in passive mode
- / Battery for LC display
- / Total weight 1.1 lb
- / Grind mode

Part number:

42,0510,0479 Vizor 4000 Crystal

MSRP: \$743

VIZOR CONNECT

Pre-darkening bluetooth welding helmet

- / Bluetooth connection*
- / True Color view
- / Panorama field of view
- / Automated shade level (5 to 12)
- / Lithium-polymer battery (Chargeable via USB-C cable, supported by solar cells)
- / Shade level 2.5 in passive mode
- / Grind mode

Part number:

42,0510,0312 Vizor Connect

MSRP: \$830

*Compatible with TPS/i 320 - 600 (from sn 29200502 and 4,067,101 NFC/BLE/WIFI 24 inside (firmware version 2.0.1), MagicWave230i and TransTIG 230i

VIZOR 4000 Professional

AUTODARKENING WELDING HELMET

- / Sensor slide: detection angle of ambient light from 80° to 60°
- / Auto mode, SL 5 to SL 13
- / Grinding mode, remains light (protection level 4)
- / Protection level: SL 5-9 and SL 9-13
- / Sensitivity controller
- / Real color display
- / Soft Delay

Part number:

42,0510,0197 Vizor 4000 Professional

MSRP: \$655

FAZOR 1000 Plus

AUTODARKENING WELDING HELMET

- / Permanent protection from UV/IR radiation
- / Continuous shade-level settings (9 to 13)
- / Dark-to-light delay
- / Sensitivity controller
- / Battery-change for LC display
- / Total weight 1.09 lb

Part number:

42,0510,0110 - Fazor 1000 Plus

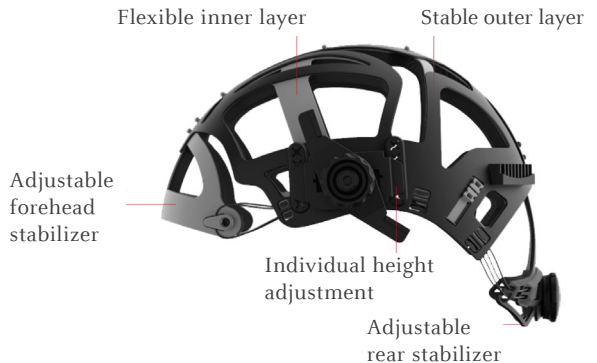

MSRP: \$304
