

Wednesday 18 May

Belfast Seminar Room		Cardiff Seminar Room
09:45	3M - Joe Phillips Safety built in	
10:00		(Live virtual) Solar Energy UK - Kevin McCann Overview of the path to 2030
10:15		
10:30	Cranfield University - Graeme Barritte CMT Applications for pipeline welding	
10:45		
11:00		
11:15	Impact Technical Services - Kieren Hebborn Welding Fume: Are you doing enough?	
11:30		Solarwatt - Neal Goddard Solarwatt: Powering a better tomorrow
11:45		
12:00	Perfect Charging, Fronius UK - Ross Adams Logistics of the future	
12:15		Solar Energy, Fronius UK - David Porter E-Academy
12:30		
12:45		
13:00		
13:15		
13:30	RenEnergy - Damian Baker The business case for solar and batteries in the UK	EFT (Service Partner for BYD Battery Box) - Alvaro Garcia Battery-Box and Fronius Gen24 - a match made in heaven
13:45		
14:00		
14:15		Fronius International - Dominik Mittermaier Fronius Solhub - The system solution for local generation, storage and usage of green hydrogen from solar energy
14:30		
14:45	Code a Weld - Adam Gould An introduction to welding certification	
15:00		Solar Energy, Fronius UK - David Porter EV solutions, tips and tricks
15:15		

Lunch is served

Thursday 19 May

Belfast Seminar Room		Cardiff Seminar Room
09:45	RenEnergy - Tom Lloyd The business case for solar and batteries in the UK	(Virtual- Recording) Solar Energy UK - Kevin McCann Overview of the path to 2030
10:00		
10:15		
10:30	3M - Joe Phillips Safety built in	
10:45		
11:00		EFT (Service Partner for BYD Battery Box) - Alvaro Garcia Battery-Box and Fronius Gen24 - a match made in heaven
11:15	Perfect Charging, Fronius UK - Ross Adams Logistics of the future	
11:30		
11:45		Solar Energy, Fronius UK - David Porter E-Academy
12:00	Impact Technical Services - Kieren Hebborn Welding Fume: Are you doing enough?	
12:15		
12:30		
12:45		
13:00		
13:15		Pad Technology Ltd - Phil Jones G100 in complex environments - PAD Technology systems for Export Limitation Control and Full Backup with Fronius Inverters
13:30	Jan Lukaszewski - ALFED The metallurgy of aluminium welding	
13:45		
14:00		Solarwatt - Neal Goddard Solarwatt: Powering a better tomorrow
14:15	Ngage - Mike King Low Carbon Workspaces: Grants for solar – a silver lining to energy bills crisis	
14:30		
14:45		Solar Energy, Fronius UK - David Porter EV solutions, tips and tricks
15:00	Fronius International - Dominik Mittermaier Fronius Solhub - The system solution for local generation, storage and usage of green hydrogen from solar energy	
15:15		

Lunch is served
