FRONIUS UK OPEN HOUSE 2019
FAST-TRACK TO A HIGHER PERFORMANCE
PROGRAMME

MILTON KEYNES
15TH MAY

WEDNESDAY 15TH MAY

WHERE EXCELLENCE IS EXPECTED: FAST-TRACK TO A HIGHER PERFORMANCE

- / JOIN US FROM 9:00 AM
- / PRODUCT DEMONSTRATION STATIONS
- / GUEST SPEAKERS & OVER 15 INDUSTRY EXHIBITORS
- / EXCLUSIVE OPEN DAY PROMOTIONS
- / EXPERT TECHNICAL ADVICE
- / COMPLIMENTARY REFRESHMENTS
- / ENTERTAINMENT PROVIDED THROUGHOUT THE DAY
- / NETWORK IN THE FRONIUS BIERGARTEN
- / ENJOY A DELICIOUS AUSTRIAN LUNCH

SCHEDULED SEMINARS

PRESENTATIONS IN OUR BELFAST SUITE

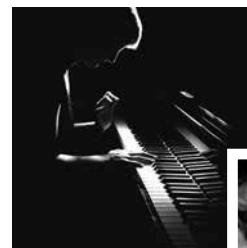

9:30	
10:00	Robert Newman, Autodesk <i>The Future of Making Things</i>
10:30	Scott Jones, 123 Internet Group <i>Social Media: communication between brands and consumers</i>
11:00	Tony Bosworth, Impact Technical Services <i>Welding Fume Control - Are you doing enough?</i>
11:30	Adrian Shaw, Simple P3M <i>How good are you at delivering projects?</i>
12:00	Seminars close for lunch and Magic Performance
13:00	Scott Jones, 123 Internet Group <i>Linked In: In it together - Maximising your presence</i>
13:30	Richard Griffin, Fronius Renewable Energy Solutions UK <i>Achieve savings using Solar PV with no upfront costs</i>
14:00	Filomeno Martina, Cranfield University <i>Cost effective large-scale metal additive manufacturing</i>

PRESENTATIONS IN OUR CARDIFF SUITE

Ted Foster, EV Experience Centre <i>An insight into the public perceptions of EVs</i>
Norbert Scharinger, Fronius International <i>Perfect Charging Performance</i>
Adam Longfield, BRE <i>The importance of quality in the performance of solar PV systems</i>
David Porter, Fronius UK <i>Primo Gen24 Plus & Ohmpilot - An introduction</i>
Neal Goddard, SOLARWATT <i>Smart, Future-proof, Decentralised Energy Systems!</i>
David Porter & Mark Fitzgerald (Workshop) Fronius UK <i>Solar.web and Solar.configurator</i>

CONFIRMED EXHIBITORS (in addition to above)

- | | |
|---------------------------------------|-----------------------------|
| / Air Products | / Gordon Murray Design |
| / Aluminium Federation | / Impact Technical Services |
| / Bots.co.uk | / KEBA E-mobility |
| / British Stainless Steel Association | / RedShift Racing |
| / EVision | / The Welding Institute |
| | / voestalpine Böhler |

THE ALL NEW FRONIUS GEN24 PLUS

**GIVING INTERSOLAR A MISS THIS YEAR?
DON'T MISS OUT. SEE THE MOST FLEXIBLE
HYBRID INVERTER HERE.**

/ Flexible storage inverter with demand-orientated **emergency power** features & optimised self-supply

/ **Single phase** Primo version (3-6 kW)

/ **3-phase** Symo version (6-10 kW)

/ Flexible storage solution with emergency power using BYD technology, which can be expanded on a modular basis.

Brush up on Fronius Solar.web and Solar.configurator in our installer workshop

PROFESSIONAL WELDING TOOLS

MANUAL WELDING DEMONSTRATIONS

/ See the NEW TIG series including the **multivoltage Magic-Wave** AC/DC plus NEW **foot pedal** with bluetooth connectivity.

/ Try out the single phase **TransSteel 2200** multi process machine. One power source for all your welding tasks.

/ Weld remotely with the **cordless AccuPocket** or try one of our portable **TransPocket** devices.

/ PLUS the day will feature all the favourites such as the **Fronius TPS/i** - the intelligent revolution in welding technology.

3 YEARS
WARRANTY

WHAT'S YOUR WELDING CHALLENGE?

ROBOTIC WELDING DEMONSTRATIONS

/ See our latest, **keyhole TIG** welding process, **ArcTig**, which requires no prep on materials up to 10mm.

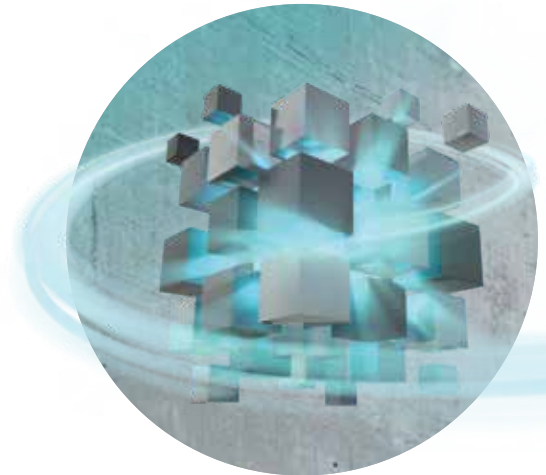

/ Live demonstrations of our **CMT Cycle Step** process that enables each droplet deposited to be controlled individually.

/ Let's get straight to the point - cost effective joining of aluminium sheets with **resistance spot welding**: The Fronius **DeltaSpot**. Low component distortion, high productivity and all without filler material.

/ Combining the best of two welding technologies, we will show you **CMT Twin**. This process ensures an extremely stable arc and the ability to weld thin sheets at **high speed**.

/ Realise the true benefits of **Industry 4.0** in the welding world. Take weld data analysis to the next level and make targeting optimisation a reality. We will be running interactive **WeldCube** sessions throughout the day.

PLUS so much more...

FAST, INTELLIGENT CHARGING...

WE GUARANTEE TO REDUCE THE OPERATING COSTS FOR YOUR FORKLIFT TRUCKS. SO YOU CAN STACK UP THE SAVINGS.

- / See battery charging at its most intelligent
- / Save up to 30% on the energy costs of your forklift fleet
- / Prevent overcharging and increase battery life
- / Continuous battery monitoring during charging
- / **FREE 5 Year Full Warranty** on all Selectiva chargers

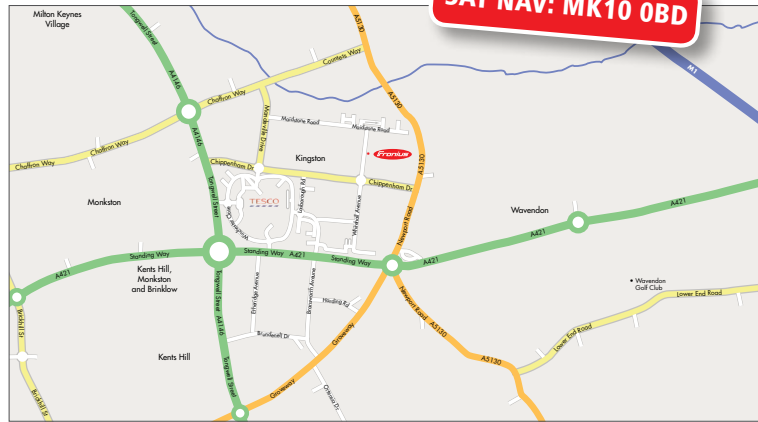

We develop custom solutions and systems that are guaranteed to cut costs for users of electrically-powered forklift trucks.

The Ri-charging process provides the highest levels of total efficiency from the socket to the forklift truck.

GETTING TO FRONIUS UK

SAT NAV: MK10 OBD

LETTING US KNOW

If you have not done so already, please let us know if you intend to visit and how many people you are likely to bring with you.

You can do this online at www.froniusopenhouse.co.uk
Alternatively, please call us on 01908 512 300 for additional information, or email: marketing.uk@fronius.com

BY TRAIN

/ Fronius UK head office is approximately 15 minutes by taxi from Central Milton Keynes train station. Frequent trains are available to London Euston as well as the rest of the UK.

CAR PARKING

/ There is car parking available on site, **however, we anticipate this filling very quickly, so we ask that you car share with colleagues wherever possible.**

TICKETS

/ Please bring your ticket with you, either on your phone or printed out, as this will speed up entry to the event.
