

/ Perfect Welding / Solar Energy / Perfect Charging

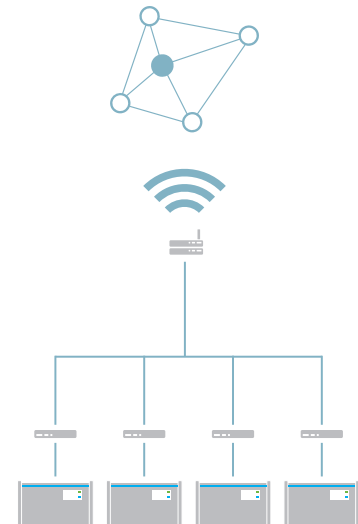

**CHARGE & CONNECT**  
**THE CONNECTED CHARGING SOLUTION**

# MORE TRANSPARENCY. FULL COST CONTROL.

Fronius **Charge & Connect** offers a variety of new opportunities to increase the efficiency and performance of your charging infrastructure. All charging data, such as charging status and processes, are transmitted and visualised in real time. The resulting transparency offers new potentials and optimisation possibilities to operate a cost-effective overall system.

## YOUR ADDED VALUE

- / More transparency and full control of your charging infrastructure
- / Better predictability and planning
- / Total Cost of Ownership - higher efficiency, minimized risk, reduced costs

## WEB PORTAL

- / Individual visualisation possibilities of charging infrastructure
- / Status monitoring for maximum transparency

## CONNECTED BATTERY CHARGERS

- / Continuous, always-on monitoring of your chargers
- / Easy access to your charging data
- / Always-up-to-date via automatic software updates

## CONDITION MONITORING

- / Condition monitoring of the charging infrastructure (state of the battery, operational readiness of the battery chargers, analysis of charging behaviour)
- / Timely notifications in case of critical alerts and warnings

## DEMAND-SIDE-MANAGEMENT

- / Reduce peak currents triggered by charging energy
- / Management of energy flows
- / Optimise the consumption of your own renewable energy

# FRONIUS PERFECT CHARGING

## YOUR SOLUTION PROVIDER AND COST OPTIMISATION PARTNER

Fronius Perfect Charging is your sustainable energy expert and cost optimiser for the charging of traction batteries in the intralogistics sector.

/ Perfect Welding / Solar Energy / Perfect Charging

### THREE BUSINESS UNITS, ONE GOAL: TO SET THE STANDARD THROUGH TECHNOLOGICAL ADVANCEMENT.

What began in 1945 as a one-man operation now sets technological standards in the fields of welding technology, photovoltaics and battery charging. Today, the company has around 4,760 employees worldwide and 1,253 patents for product development show the innovative spirit within the company. Sustainable development means for us to implement environmentally relevant and social aspects equally with economic factors. Our goal has remained constant throughout: to be the innovation leader.
