

WARRANTY EXTENSION

/ Your own individual warranty model

FULL COVER FOR UP TO 5 YEARS

/ If 'full cover' and 'cost-certainty' are important to you, you're sure to be interested in Fronius' flexible, individualised and transparent warranty system. You can choose from several different warranty periods, for both single- and multi-shift working, allowing you to opt for whichever model gives you the best cover for your particular requirements. In this way you can enjoy full cover for up to 5 years and no longer need to worry about any unforeseeable costs.

BENEFITS

/ **Tight grip on costs – one-off investment and defined services.**

You pay the amount for your chosen warranty model upfront, at the beginning of the contract period. This means that you have full control of the costs, and have the administrative expense one time only. During the warranty period, we will cover the costs of materials, labour and outward and return travel totalling up to max. 200 km or 3 hours' travelling time!

/ **You decide how long a warranty period you need.**

Choose the solution that's best for you from the available warranty periods!

/ **For everything from a networked welding system working 24/7, all the way through to a single welding machine used for one shift a day**

We can offer you various different warranty-extension models for both single- and multi-shift working. This lets you take out a separate warranty extension to suit every single one of your Fronius welding systems.

FRONIUS WARRANTY MODELS AT A GLANCE

AVAILABLE OPTIONS

/ The standard warranty from Fronius gives you cover for max. 2 years with the costs of materials, labour and travel being covered in the first year, and the cost of materials in the second year. Our warranty-extension models let you prolong the period of full cover (materials, labour, travel expenses) to 2, 3, 4 or even 5 years – for single-shift operation as well as for multi-shift operation on equal terms.

| | YEAR 1 | YEAR 2 | YEAR 3 | YEAR 4 | YEAR 5 |
|-------------------------------------|-----------|---------------|-----------|-----------|-----------|
| STANDARD | [Covered] | | | | |
| | | 2ND YEAR FULL | + 1 YEAR | + 2 YEARS | + 3 YEARS |
| LABOUR MATERIALS TRAVEL COSTS | [Covered] | | [Covered] | | |

A FRONIUS WARRANTY EXTENSION MEANS:

/ Warranty on the following components of your welding system for the warranty duration of your choice:

- Wirefeeder
- Power source
- Interconnecting hosepack
- Cooling unit
- Remote-control unit
- Accessories
- Moving parts
(e.g. water pump,
feed motor, fan ...)

/ Up to 5 years warranty cover – just as you wish! This goes for all welding systems from Fronius – from a manually operated TransPocket all the way through to a CMT power source used in robotic welding.

/ Full cover for the full period, with **no strings attached** regarding registration cards, warranty certificates or annual inspections. You're under no obligation!

/ Perfect Welding / Solar Energy / Perfect Charging

WE HAVE THREE DIVISIONS AND ONE PASSION: SHIFTING THE LIMITS OF POSSIBILITY.

/ Whether welding technology, photovoltaics or battery charging technology – our goal is clearly defined: to be the innovation leader. With around 3,000 employees worldwide, we shift the limits of what's possible - our record of over 1,000 granted patents is testimony to this. While others progress step by step, we innovate in leaps and bounds. Just as we've always done. The responsible use of our resources forms the basis of our corporate policy.
