ADDING A PV SYSTEM TO FRONIUS SOLAR.WEB

Instruction of how to add a system into Solar.web account

Quick Guide

© Fronius Australia Pty Ltd., SF

Version 2.0/2020

1. Go to www.solarweb.com
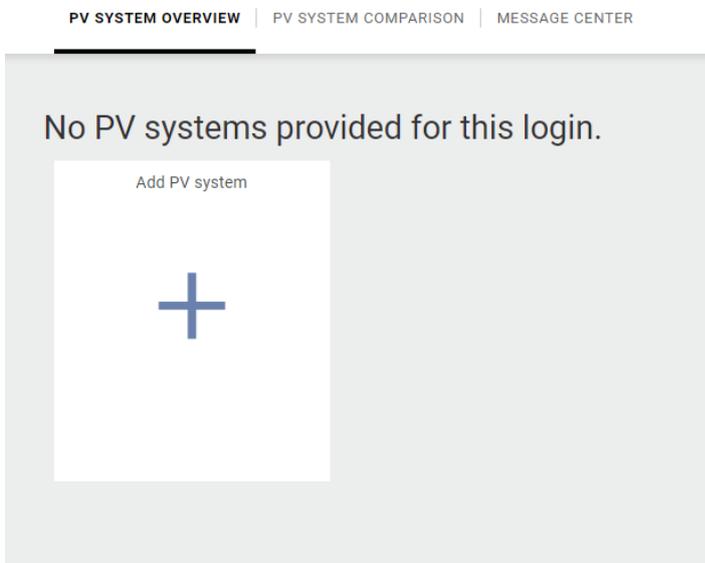

2. Login to your Solar.web account

Note that: if you do not have an account, you are required to create an account.
Please see the attached quick guide '**Fronius Solar.web Account Registration**'

3. Click '+ Add PV system'
Or if you have other existing systems, please go to the top right of the page and click on 👤 ▾
Then you can see the option '**+ Add PV system**' option

To find your Datalogger ID:
1. On the inverter, go to 'Setup' menu, press enter
2. Go to 'Wi-Fi Access point' then activate the Wi-Fi AP
3. On your smart phone/ tablet/ laptop, go you Wi-Fi setting
4. You will see Fronius network name 'Fronius_240.xxxxxxx', the **240.xxxxxxx** is your Datalogger ID
   (For Hybrid inverter, the number will be 'Fronius_239.xxxxxx')
