

MANUFACTURE #10, CUAUHTÉMOC, CHIHUAHUA.

/ Manufacture

/ Nowadays SYMO installations is more common in many type of industries. In Cuauhtemoc city, part of Chihuahua State, the farming industry is the one that has most presence along the region and where the mentioned inverters have more applications.

/ Two of them, with a power of 24 kWp, were installed in Manufacture Workshop #101, which is dedicated to offer solutions to farming.

/ It has to be mentioned that the social impact of this ecologic solution was big. Now the owner of the system decided to convert his gas heating system into an electrical one. Also he is now fighting for introduce electrical vehicles in the zone, just to support the environment and to reduce the climate change.
